## Project Status & Recent Milestones

### An Attachment for North Dakota Property Owners

### Project Milestones and their Significance to Property Owners

MILESTONE	DETAILS	SIGNIFICANCE TO PROPERTY OWNERS	ADDITIONAL INFORMATION
<p>Federal Emergency Management Authority (FEMA) approved the Conditional Letter of Map Revision (CLOMR) for the Project</p>	<p>The CLOMR was approved on Sept. 4, 2020.</p> <p>The CLOMR outlines how the Project, if built as proposed, will meet the National Flood Insurance Program (NFIP) requirements and how the Project would result in future changes to the Flood Insurance Rate Maps (FIRMs) for the area.</p>	<p>The CLOMR finalizes the hydraulic model for purposes of mitigating Project impacts.</p> <p>The final hydraulic model is used to define how property is, or is not, impacted due to the Project.</p>	<p><a href="http://FMDiversion.gov/CLOMR">FMDiversion.gov/CLOMR</a></p>
<p>North Dakota Office of the State Engineer (NDOSE) approved the Project's Property Rights Acquisition and Mitigation Plan</p>	<p>The NDOSE approved the Property Rights Acquisition and Mitigation Plan on June 1, 2020.</p> <p>The Property Rights Acquisition and Mitigation Plan has been refined over several years and includes input from numerous property owners, agricultural producers, permitting agencies, and other stakeholders.</p>	<p>The Property Rights Acquisition and Mitigation Plan includes detailed plans and processes for acquiring property rights as well as mitigating the impacts to farmland, organic farmland, cemeteries, and residential and commercial properties.</p>	<p><a href="http://FMDiversion.gov/mitigation">FMDiversion.gov/mitigation</a></p>
